CAMERON, MILAM COUNTY, TEXAS, THURSDAY, OCTOBER 18, 1962

12 PAGES TODAY

Stockmen Asked To Join Drive

About 150 livestock producers Monday night heard Dr. G. Kendrick of Marlin explain the three-year screwworm eradication program now underway in Texas.

Dr. Kendrick is one of the three Farm Bureau representatives on the board of trustees of the Southwest Animal Health Research Foundation. A licensed veterinarian he is a Falls County rancher.

He explained how the program started and how far it has progressed. It is costing \$12 million of which \$6 million is financed by the federal government with \$3 million to be furnished by the state government. The other \$3 million must come from the livestock producers that will benefit from the program.

By FML

CRICKET REVISITED

Seasons ago, he chirped out from under a rock, joined his brown horde of friends who headed for heat and light.

On their way they rushed for cover. Most of their kind crunched under the wheels of cars in the streets or smothered in the powdery welcome sifted along downtown window and door fronts.

And most of these were swept into piles and hauled away.

Then the swiftest and perhaps the luckiest ones got past the barriers into everything. And each morning, crickets and DDT and brooms collided.

Even fewer escaped this attack, until only the heartiest ones went unnoticed, their chirps not so loud, their fate sealed by the first arrival of a Norther.

Then, one recent day, some benches were moved and clutter stirred. Iron man cricket, last of the horde of 1957, was found.

He was brittle brown, but triumphant. It took five years to find him.

103 - 103 - 103

Type II Sabin vaccine will be administered at 10 SOS Centers Sunday, sometime from noon to 5 p. m., depending on the location.

To make the Sabin campaign successful, all of the series should be taken, according to medical authority. So if you have taken Type I, you should plan to visit your SOS Center Sunday for Type II, which protects against types of polio not covered by Type I.

Medical officials said that if 80 per cent of the U. S. population takes this series, polio as a widespread communicable disease will be stamped out in this country.

A complete list of SOS Centers is on this page.

FUNDS NEEDED

He explained that funds from the producers are about \$1,300,000 short and that the drive this week, which has been designated Screwworm Eradication Week in Texas, is to get the needed funds. Donations are based on the rate of 50 cents per head for cattle and horses and ten cents for each sheep, hog, goat or deer.

He stated that all producers were urged to give and that if they were missed they could donate to John S. Batte, chairman of the drive in Milam County or to Bill Artur, secretary - treasurer.

Or they may give to these community chairmen. They are: Herbert Fieseler, Rockdale; Brown Ely, Gause; Richard Ellison, Baileville; Erwin Puessel, Thorndale; Shelby Smith Jr., Milano; Johnny Fuchs, Buckholts; Roy Hensley, Ad Hall.

HOW PLAN WORKS

Dr. Kendrick explained the program this way. The plant in Mission is hatching about 70 million flies a week. The male flies are sterilized by cobalt 60 and released wherever there is an outbreak of screwworms. Since the female fly only mates once, this cuts the reproduction down. Most of the flies are killed by the winter weather in Milam County.

But a large part of Texas has a mild winter and the fly lives. It is in this area that the sterilized fly will have to be released. In Mexico the flies are not hit by the cold weather.

A fly, he said, can travel 35 miles a week or 70 miles in the two week life span. When the flies are killed in Texas the Foundation will keep dropping flies in a barrier 70 miles wide along the Texas - Mexico border.

Milton Schiller, representative - elect from this district, told of plans to fly all the members of the State House and Senate to Mission, Texas where the plant is located. The trip will be made by private planes.

The screwworm does an estimated \$100 million damage to livestock each year in Texas.

Burlington Picnic

Is Set For Sunday

St. Michael's Church of Burlington will hold their annual picnic at Burlington Hall Sunday.

A supper of home made sausage and chicken with the trimmings will be served. Games and other entertainment will be available.

The picnic was first scheduled for Sept. 9 but was rained out and rescheduled for Oct. 21.

There will be a dance that night with music by the Rock-Its.

First District Game

MFB Meeting

Set For Tonight

Milam Farm Bureau County Convention will be held 7:30 P. M. Thursday in the MFB office.

The County Resolutions will be adopted. About 20 resolutions are to be considered from the community conventions. John A. Smith, chairman of the committee and committee members, Preston Perry, Morris Coward, Albert Slovák, Robert Jungman and A. T. Swaney met Friday afternoon for review of the community resolutions.

The members will also select 11 new directors of the 22 nominated for the posts.

GOP Congressional

Candidate To Appear

Desmond Barry, Republican candidate for congressman - at - large, will be in Cameron on Wednesday, October 24 for a speech and rally. Milam GOP chairman Dr. E. O. Smith, Jr. reported today.

Barry's office told Dr. Smith in a telephone call late Tuesday that Barry would arrive in Cameron for a speech at 5 p. m. Wednesday the 24th. It probably will be his only appearance in Milam County. He is scheduled for a speech in Bryan later Wednesday evening.

Barry, a Houston truckline executive, gained nationwide attention two or three years ago when the Teamsters Union tangled with him in a boycott and court dispute.

Yoe Face A&M On Dad's Night

The fathers of the Yoemen will be honored during the game Friday night which will kick off the district play for the Yoemen. The new game time is 7:30 p. m. This is the third home game for the Yoemen.

A & M Consolidated will bring a heavy team to Cameron. They have a 3-2 record in contrast to the 2-3 Yoe record.

A & M started the season with an 8-6 loss to Columbus and then took Del Valle 27-0, Madisonville, 42-12 and Giddings 31-0. In the last game Huntsville edged them out 7-6.

Consolidated is an explosive type of team. Against Giddings they were scoreless until four minutes were left in the first half. Then they banged out three touchdowns for 22 points in only three minutes.

Leading the team is Ozzie Burke, speedy right halfback. Center J. Peathers is an outstanding man on defense and offense.

The team has good speed and have been running the slot T formation with the slot man as a wing back. They split the end out and set the opposite side half back in the slot. The slot man will often go in motion. He can quick kick or pass from this move.

PAKASTANI CRAFTS - Mrs. Henry Ross, of College Station, explains the use of a Pakistani incense burner to Mrs. E. O. Smith Jr. of Cameron. Mrs. Ross, whose husband headed an A&M education mission to Dacca, East Pakistan, explained these objects and experiences while in Pakistan for the past four and one - half years. She addressed the Cameron Three Arts Club, a women's study group. (See Story, Page 7. -- Stafffoto)

Big Ballot Awaits Nov. 6 Electorate

A 22-inch-long General Ballot awaits voters in the November 6 General Election, according to Milam election officials.

Absentee voting officially began Tuesday.

A maximum number of 37 names appear on the ballot with two for the Constitution Party, eight for the Republican and 26 for the Democratic Party, a survey showed.

In a drawing last week, Constitution Party candidates were picked to appear in the first column Republican in the second, Democratic in the third, Independent and Write-In columns take up fourth and fifth columns from the left.

There are also 14 proposed amendments to be voted on.

Listed candidates for office are:

DEMOCRATIC - Governor, John Connally; lieutenant - governor, Preston Smith; attorney general, Waggoner Carr; congressman-at-large, Joe Pool; assoc. justice, Supreme Court, Place 1, Meade F. Griffin; assoc. justice, Supreme Court, Place 2, James R. Norvell; Assoc. Justice, Supreme Court, Place 3, Zolzie Steakley; judge Court of Criminal Appeals, W. A. Morrison; railroad commissioner, William J. Murray, Jr.; railroad Commissioner (unexpired term), Ben Ramsey; comptroller of public accounts, Robert S. Calvert; state treasurer, Jesse James; commissioner of general land office, Jerry Sadler; Commissioner of agriculture, John C. White; and associate justice, Court of Civil Appeals, 3rd Supreme Judicial District, John C. Phillips.

AREA - LOCAL DEMOCRATIC CANDIDATES - Congressman, 11th Congressional District, W. R. (Bob) Poage; senator, 13th Senatorial District, Murray Watson State representative, 45th Representative District, Milton Schiller; district clerk, Grady Allen; county superintendent of schools, H. D. Maxwell; county judge, Don G. Humble; county clerk, Wayne B. Wieser; county treasurer, Ida A. Johns; chairman, Democratic executive committee, Max McClaren; county surveyor, J. B. Earle.

PRECINCT CANDIDATES (in applicable precincts) - Commissioner, Precinct 2, LaVert C. McKinney; and commissioner, Precinct 4, R. H. McCasland; justice of peace, Precinct 1, Jess Brock; justice of peace, Precinct 2, John Thweatt; justice of peace, Precinct 3, Jim Swaney; justice of peace, Precinct 4, Leonard Allen; justice of peace, Precinct 5, L. N. McDonald; justice of peace, Precinct 6, Paul Sakewitz; justice of peace, Precinct 7, Frank Jekel; and justice of peace, Precinct 8, E. C. Hoppe.

REPUBLICAN - Governor, Jack Cox; lieutenant governor, Bill Hayes; attorney general, T. Everton Kennerly; congressman - at-large, Des Barry; railroad commissioner (unexpired term) Bernold M. Hanson; comptroller of public accounts, Mrs. Hargrove Smith; commissioner of general land office, Albert B. Fay; and commissioner of agriculture, Harry Hubbard.

CONSTITUTION - Governor, Jack Carswell; and comptroller of public accounts, Joseph M. Rummel.

SOS Centers Await Countians Sunday

SCHOOL WINNERS Rockdale, Hearne Guests

LISTED FOR

FIRE CONTEST

Fire Prevention Week brought poster drawing and theme writing contests to Cameron history.

Winners in St. Anthony's School were:

First place winners - Rebecca Marek, Robert Schoppe, Patsy Simceek, Max Cruse, Martin Mueck, David Hurtik, Gerald Mokrey and Carmen Sanches.

Second place winners - David Ehler, Michael Trdy, Clyde Jistel, Mary Beth Brock, Pamela Mitchan, Deborah Hanel, Larry Komensky, Randy McLerran.

Winners at Ada Henderson were:

Fourth and fifth grade division - first place, Kathryn Kahler, second place, Gay Chancey and third place Jane Callaway.

Sixth, seventh and eighth grade division - first place, Steve Smith; second and third place tie between James (Bucky) Wilkinson and Ronnie Prokisch.

In Yoe High Tom Moody and Danny Thweatt were poster winners and Sherri Clore and Merlin Lester were theme winners.

Ben Milam students did not participate in the contest this year.

Tri-City Meet

About 120 Rotarians and their wives are expected to attend the first inter - city Rotary meeting tonight in recent Cameron history.

Host Cameron Rotary Club will welcome Rotarians from Hearne and Rockdale in the tri - city meet, scheduled to begin 7:30 p. m. Thursday, October 18 at First Methodist Fellowship Hall.

Cayce Moore, Hearne humorist and one of the nation's most popular after dinner speakers, will present a humorous talk.

Rotary President Dana Kestenbaum also announced that Rotary Gov. and Mrs. Jim Simpson, of Hallettsville, will attend the tri-city meeting here.

Kestenbaum said Cameron Rotary Club is expecting to host about 75 visiting Rotarians and wives from Rockdale and Hearne. Two years ago, a joint meeting of the three clubs was held in Rockdale.

Moore had often appeared before Central Texas audiences when his humorous speeches gained wider demand. He has appeared in speaking engagements throughout the nation in recent years.

A few years ago, Moore, then a fulltime barber, was giving a haircut to the editor of the Hearne Democrat.

"You know," the editor remarked, "you ought to write a column for my paper."

Moore did and he was widely quoted in metropolitan newspapers. Then he began speeches that later put him in humor business. He still lives in Hearne.

Cayce Moore
Humorist To Speak

3 CITY SITES

TO SERVE NM

Three locations will again be operating in Cameron Sunday for the distribution of Type II Oral Polio Vaccine.

The Sabin oral vaccine is a tasteless fluid that is taken over a cube of sugar the same as Type I was given.

Cameronites will receive their vaccine from noon to 5 p. m. at Yoe High School Gymnasium, Simon - George Hall and O. J. Thomas Gymnasium.

Registration blanks are to be filled out and presented at the registration desk of each center.

TYPE II USED

The vaccine will immunize against Type II polio and will prevent the danger of carrying the disease. Dr. C. G. Swift, spokesman for the Milam Medical Society, said the process takes about 30 seconds and there are no side effects.

Rockdale will be one center for South Milam area residents with distribution points at Rockdale High School and Aycock High School from 1 to 6 p. m.

Gause, Davilla, Milano, Thorndale and Sharp will also distribute the vaccine. Sharp and Milano will be open from 4 to 6 p. m. and Gause and Davilla will be open 1 to 3:30 p. m. Thorndale SOS Center will be open from 2 to 6 p. m. for whites and 4 to 5 p. m. for negroes.

SOS VOLUNTEERS

Doctors, nurses and pharmacists are all volunteering their time to be at the SOS Centers for the administration of the vaccine.

Bell, McLennan, Falls and Milam Counties are joining together to help stamp out polio. Robertson and Burleson Counties have had SOS earlier.

A contribution of 25 cents is being asked to help pay for the vaccine.

Herald Notebook

The City Fire Dept. reported no fires for the week of October 12 through 17.

HN
Raymond Mokry has resigned at the Cameron Public Schools and James J. Hill, Yoe High School custodian, has been promoted to the post of supervisor of maintenance.

HN
Sheriff Black reports that he has fewer persons in jail than in many years with 2 inmates, and at press time if one can make bond he will have only one. He said the last two weeks have been very quiet.

HN
The Science Club, Pep Squad and National Honor Society held their regular meetings this week.

HN
The Senior class Amateur Night Show was a great success Tuesday night with about 25 acts. This was their first project for the year.

HN
There will be a regular meeting of Cub Scout Pack No. 88 Tuesday night at Ben Milam Cafeteria. A good program is planned. All members and parents are urged to attend.

Services Held

For A. Z. Fuller

Funeral services for A. Z. Fuller (Rabbit Fuller), 59, were held Thursday from the Buckholts Full Gospel Church.

Fuller died at his home Oct. 10. The Rev. H. M. Bowley officiated and burial was in North Elm Cemetery. Green Funeral Home was in charge of arrangements.

He was a native of Millam County and maintained an auto repair shop at his home until his health forced him to retire a few years ago.

Surviving are his wife, Mrs. Mabel Fuller of Cameron; two daughters, Mrs. Nila Jean Gilbert of Freeport and Miss Glenda Beth Fuller of Cameron; three sisters, Mrs. Alice Terry of Cameron, Mrs. Willie Somers of Whittier, Cal. and Mrs. Minnie Grey of Olton and two grandchildren.

Tabler Rites To Be Held Today
Funeral services will be held today (Thursday) at 2 p. m. for L. G. Tabler, 81, of Hoyte Community. Services will be held at Green Funeral Chapel and interment will be in Rice Cemetery.

Tabler had lived in Millam County for 55 years and had been in declining health for several months. Survivors are: one son, George William Tabler, Sarasota, Fla.; 4 daughters, Mrs. Helen Butler, Cameron; Mrs. Fannie Mae Osborn, Sarasota, Fla.; Mrs. Ruth Wildegrube, Cameron; and Mrs. Marie Mitcham, Houston; one sister, Mrs. Grace Oliver, Philadelphia, Pa.; seven grandchildren and one great grandchild.

Rites Held For

W. J. Wallace

Funeral services for W. J. Wallace, 89, were held 4 p. m. Wednesday at Green Funeral Home. Wallace died Tuesday evening in St. Edward Hospital. The Rev. A. C. Russell officiated. Burial was in Oak Hill Cemetery.

Wallace was born in Palo Pinto County but had lived in the Marlow community for many years. He moved to Cameron following the death of his wife in 1960 and made his home with a son, Walter Wallace.

Surviving are four sons, Walter Wallace of Cameron, Edward Wallace of San Fernando, Cal., Ben Wallace of Wenatchee, Wash. and Dan Wallace of Archer City; seven grandchildren and three great grandchildren.

BREMOND PICNIC

The Bells of St. Mary's Church in Bremond is having their annual Fall Picnic and Bazaar Sunday. Barbecued sausage and chicken will be served. Drawing prizes will be a Registered Hereford Bull Calf, Power Lawn Mower, Bicycle and \$25 in cash.

BOY

To Mr. and Mrs. William Joseph Gelnher of Cameron a boy, Jeffery Alan on Oct. 15 at St. Edward Hospital, 7 pounds and 12 ounces.

Republican Rally Set October 25

Millam County Republicans are making final plans this week to hold rallies for the Party's candidate for Governor, Jack Cox, who is scheduled for speeches in Cameron and Rockdale on Thursday, October 25.

James E. Luckey, Cox's campaign manager in Millam County, made this announcement today. He said plans call for the GOP candidate for Governor to arrive in Rockdale for a speech at 2 p. m. and to be in Cameron at 4 p. m. on Oct. 25 during his campaign swing through Central Texas.

Location for the rallies will be announced later, Luckey said, but in Cameron it probably will be held at the Cox For Governor headquarters on the southwest corner of the courthouse square.

Jack Cox, who is a forceful speaker, will be greeted at both his Rockdale and Cameron appearances by delegations of prominent Millam County citizens.

Local Republican plans also call for speaking dates in the county for two other GOP statewide candidates - Des Barry, running for Congressman at Large, and Bill Hayes, for Lt. Gov. - before the November 6 general election. An announcement about their plans will be made later.

UCW Plan World Community Day

Last year United Church Women of Texas sent 4,255 school bags to the Latin American countries - tools for learning. This year they are sending sewing kits, garments, fabrics and offerings to Southeast Asia to help improve family well - being which in turn will help the Asians to help themselves.

On November 2 World Community Day will be observed as it is each year on the first Friday in November. An integral part of the Christian World Relations program it is the culmination of a year's study to put into action the deep conviction that church women must help to build the foundation for world community.

World Community Day is built around the belief that all men are children of God, that life is one piece, that all humanity is bound up together, and that neither segments of life nor branches of the human family can be divided off for separate treatment.

World Community Day has a dual purpose: it provides an opportunity for women to gain a greater understanding of international brotherhood; and it helps to meet human needs. Through the offering of goods and money the idea of world community is strengthened.

World Community Day becomes a spiritual undertaking through which ten million church women rededicate themselves to building life, friendship and universal peace through a program of prayer, study and action.

Hudson attended the institute through the sponsorship of The National Science Foundation and NATO and was one of thirty participating. On his trip back, he stopped in London where he visited the British Road Research Laboratories.

A 1954 graduate of A & M College, he is a Yoe graduate and is married to the former Martha Collins, also of Cameron.

200 Participate In Normangee Ride

The first annual Hilltop Normangee Trail was a short one, but the more than 200 riders who participated agree that it was a lot of fun.

Led by Neill Masterson, president of the Houston Livestock Show and Rodeo, as parade marshal, and Trail Boss Johnny Johnson of Bryan, the riders wended their way up Farm Road 3 from the starting point at Normangee to Hilltop Lakes Resort City, nine miles away.

It was strictly a family affair, as fathers, mothers and children carrying their offsprings in the saddle with them. Older children rode Shetland ponies or traveled in the wagons and buggies that accompanied the trail riders.

Many wore colorful western costumes, but most depended upon the basic blue jeans, big hats, boots and, in some cases, spurs.

The entire trail ride took some 3 1/2 hours, including a rest stop midway to Hilltop Lakes. Then, the riders entered the gates to the resort city led by the drill squad from Normangee High School.

Methodist Circles

Hold Meet Mon.

The circles of the Woman's Society of Christian Service met Monday in circles to continue their Christian Social Relations Study and to complete their sewing kits for dedication on World Community Day.

The Henderson circle met at the home of Mrs. Howard Tucker with 13 members present. Mrs. A. J. Mondrik presented the program. The Perrin and McCullin circles met in the Fellowship Hall with 13 members present. Mrs. Sam Brewer presented the program.

PERFORMANCE TRIALS

In performance trials under Texas storm conditions, promising strains of storm resistant cottons have retained their lint in the burs in a relatively undamaged condition. The Texas Agricultural Experiment Station and the USDA have cooperated in developing the promising strains which are being tested further.

New Cameron Pharmacy

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN TEXAS... a new governor, Francis Richard Lubbock, guided a bankrupt state through that bitter Civil War year. Cotton, exported through Mexico, brought desperately needed foreign gold. Homefront industries were established. Comforts were few, but morale stayed high... and there was good Texas beer, enjoyed then as now.

For then, as now, beer was the traditional beverage of moderation - light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

YOU'LL HARDLY BE ABLE TO CONTAIN YOURSELVES

BUT THE 1963 DART WILL

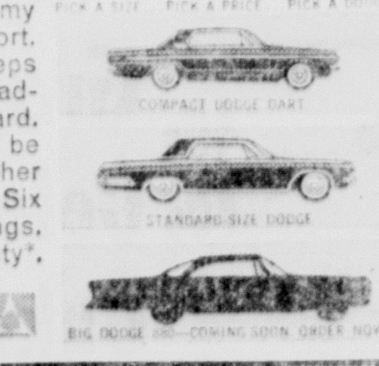

INTRODUCING COMPACT 63 DODGE DART

Dart's a new kind of compact in the large economy size. It's got family-size room, family-size comfort. Nobody gets short-changed. The roofline sweeps straight back instead of sloping off. That means lots of head-room, front and rear. Plenty of comfort for everyone aboard. Dart's too roomy to be a compact, but too darned thrifty to be anything else. Dart's standard Six is as easy on gas as other compacts, but the comparison ends right there. This same Six has the muscle of an eight. You get sizzle, space and savings. Compact Dodge Dart, backed with a 5-year/50,000-mile warranty*.

Six Man Football Is Rough, Fast

The Kennedys may be tops in touch and pass football around Washington but they would have a rough time with the wide open six man football played by Buckholts and Milano.

After watching these two teams play the fast and furious game it reminds you of a miniature professional game as the pass and pitchout are the staple fare instead of the desert as they are in high school and college.

Every play requires the man taking the snap from center to pass or pitch the ball to a teammate. All four hands must be free of the ball. This cuts out fine faking but makes the game wide open. Milano used a formation in which the backfield lined up one yard between each other. At times the quarterback took the ball from the center and passed it to the man behind him via his outspread legs. This play was not very successful against Buckholts.

Another big difference is the size of the field. In contrast to the 100 yard by 53 yard field that the eleven man teams use, the rugged six man game is played on an 80 by 40 yard gridiron. The sideline chain is longer as it takes fifteen yards to gain a first down.

A complete reverse of the extra point rule is used as the kick counts two points and the run or pass only counts one point.

You will see more downfield blocking and brokenfield running because of the two or three man defensive line. It is not a game for the usual big, slow 200 pound tackle as everyone is eligible to catch a pass and usually does. The fast medium size gridders who can fake in the broken field is in much demand. Every defensive man must be proficient in open field tackling. It is rare to see a man stopped at the line of scrimmage. Either

the ball carrier will get hit behind the line will break thru the line or go around end.

It is a fast scoring game and a high scoring one. This game ended 52-25 and it was a trying task to keep up with who scored.

Individual stars are more prominent in the game. Buckholts' Morris Jones, a 153 pound half-back is one of these standouts. Fans said he was the star but had not started moving yet. It didn't take long before he had broken loose and completely left the rest of the gridders behind. It seemed to be a habit for him to look as if he was about to get killed and then a key block from a teammate would allow him running room. Once he hit the line and an Eagle grabbed at him but missed. He went thru the three secondary men as if they were wooden Indians. He ended up the night with 25 points and well over a hundred points for the season.

In talking to Jimmy Hawk, a former Yoeman tackle he said that there was not too much difference in the game of six and eleven man football. But the rules are different the game faster and wide open he said Hawk stated he didn't have too much trouble adapting to the new brand of ball but now that he has he likes it.

There was not too much difference in the game of six and eleven man football. But the rules are different the game faster and wide open he said Hawk stated he didn't have too much trouble adapting to the new brand of ball but now that he has he likes it.

Booster Club

Honors Team

The Cameron Booster Club honored the 1962 Yoemen football team and coaches with a chicken barbecue at the Methodist Fellowship Hall last week.

The affair consisted of the supper and then each person introduced himself. The boys were dismissed early so that they could study for the tests.

The Booster Club then held its regular meeting and elected Dr. Joe Parker "Coach of the Week" for the A & M Consolidated game.

The group then viewed the film of the LaGrange - Cameron game. Coach Joe Davis then gave a scouting report on the next opponent, A & M Consolidated.

Buckholts Beats Turnersville

The Buckholts Badgers, in their district opener, trampled the Turnersville Buffalos 30-12, Thursday night at Turnersville.

Turnersville scored first on a short pass and lateral, the play covered 45 yards. Morris Jones came back and scored in the first quarter on a 25 yard dash up the middle. At the end of the first quarter the score was tied 6-6.

Buckholts scored early in the second quarter on a short pass from Buddy Inge to Lawrence Hanke. Hanke covered the last 25 yards on the ground for the tally. Turnersville was forced to punt and Buckholts took advantage of a lapse in the Turnersville secondary to score again on a pass from Buddy Inge to Joan Zajick. The final score of the first half was made by Morris Jones on a break-a-way jaunt through the middle of the Turnersville line. The score at the half was 24-6. The second half was a defensive battle with each team scoring only once. Turnersville scored on an end sweep for 50 yards and the score. Buckholts scored later in the fourth quarter on a keeper play by Buddy Inge.

Outstanding players defensively were Dickey Jones, playing RE and Gerald Bales at RH.

The next game for the Badgers will be with Jonesboro at Buckholts beginning at 7:30 p. m. Thursday night. Admission will be \$7.50 for adults and 25 for students.

The season standings for members of District 14-B are:

Buckholts 6 wins, 0 losses; Oglesby 5 wins, 0 losses; Jonesboro 2 wins, 2 losses; Turnersville 2 wins and 3 losses; Flat, 2 wins, 2 losses and Jarrell 3 wins, 3 losses.

RESEARCH STUDIES

Research studies by the Texas Agricultural Experiment Station show that grazing oats too early and keeping them grazed too short can reduce forage yields by as much as 70 to 80 percent. And, points out E. M. Trew, extension pasture specialist, might make the difference between a profit or loss on winter pastures. Let the plants become well established before grazing is started. When they are grazed down, pull off the stock and rest the pastures until regrowth is again sufficient for good grazing. Cross fence, if necessary, to carry out a good grazing program.

Sanders explained that the grazing restrictions are being relaxed as part of the general effort to keep provisions of farm programs in line with practical farming operations. Many farmers normally salvage dropped corn ears and other crop residue by turning livestock onto harvested cropland in the late fall. Since the diverted acreage on many farms is not fenced separately, the program change will permit these farmers to salvage this feed without being put to unreasonable work, time and expense for protective fencing.

Beginning November 1, the acreage diverted under the 1962 feed grain and wheat programs will be released from program restrictions on grazing. Alva E. Sanders, office manager of the Milam County Agricultural, Stabilization and Conservation Service, has announced.

sports herald
By James Hollas

A football can bounce in many directions. And the outcome of District 19AA has almost as many possibilities. A team will look good one game and poor the next. Take Navasota. They lost a close one to Katy in the opener. They hit Madisonville with a 20-0 win. The number three team in the state, Bellville could only score once as they defeated Navasota. Then against Houston's Mt. Carmel, who had not won a game all season, they were only able to win by two touchdowns. Then last week against a very young Crockett team they took a quick 12-0 lead at the half only to lose the game 13-12 in a poorly played second half.

Hearne has lost only one game and that was to Elgin who is not considered too tough. This was after an opening tie game with Connally of Waco. Then they ripped back with a scoring binge of 113 points over Franklin, Crockett and Madisonville.

A & M Consolidated started with a two point loss to Columbus. Then they came back with easy wins over Del Valle, Madisonville and Giddings. And last week Huntville dropped them 7-6.

Caldwell lost the first two games to Madisonville and Giddings, then defeated Elgin and Rogers and last week LaGrange, an undefeated team stopped the Hornets by one point.

Cameron lost its three games to Rosebud, West and La Grange. This pattern has held true for everyone that has played these teams as they are still undefeated. Cameron's two wins came over Marlin and Taylor.

The favorite, Rockdale is undefeated. But even Coach Ray Bitchfield is quick to admit that the competition has not been too tough. Rockdale has defeated Giddings, Taylor, Elgin, Marlin and Brenham, none of which have won many of their games.

So there is the set up. To really stick out this column's neck it looks this way.

1. NAVASOTA
2. ROCKDALE
3. CALDWELL
4. HEARNE
5. CAMERON
6. A & M CONSOLIDATED

But it could finish any of 720 possible combinations and don't look surprised if the winner loses a game to the bottom team. Any one could finish first or last.

With district play starting this week the easy guessing is over. With a 15-3 guessing record it gets down to the important games that will decide the winner.

Last week's results was a poor 1-1 posting. The LaGrange - Caldwell game came out closer than expected but the way we said it would. But the Navasota - Crockett game was lost in the last quarter as Crockett drove over 60 yards for the TD. We had Navasota picked by two touchdowns.

This week it looks as the Yoemen will have rough sledding. A&M Consolidated 16, Yoemen 7. Rockdale should be able to slow Hearne down from the 37 point per game for the last three games. Rockdale 24 - Hearne 20. Navasota should be able to top Caldwell. Navasota 13, Caldwell 6.

Signup Period For Special 1963 Wheat Program

COLLEGE STATION — Winter wheat farmers may sign up to participate in the special voluntary 1963 Wheat Program authorized by the Food and Agriculture Act of 1962 between October 1 and December 14. Secretary of Agriculture Orville L. Freeman announced.

The legislation raises the support price on 1963 - crop wheat to \$2.00 to farmers who participate in the special program. The 18-cent - per - bushel support increase will be paid in - kind based on the normal production of the farm's harvested acreage. The voluntary program, Secretary Freeman said, gives wheat farmers an opportunity to continue to make needed adjustments and thus protect the gain made this year under the 1962 program.

Under the voluntary reduction provisions for 1963, farmers will be able to divert from 20 to 50 percent of their wheat acreage with special diversion provisions for small farms. On diverted acres, a payment will be made at 50 percent of the county loan rate (reflecting the \$1.82 per bushel national average) on the normal production (1959-60 average yields) of the diverted wheat acreage.

The minimum diversion for participation is 20 percent of the wheat allotment or in the case of small farms 20 percent of the allotment or the average 3-year wheat acreage (1959-60-61), whichever is larger.

Insect, Plant

Disease Program

COLLEGE STATION — Theme for the first Texas Insect and Plant Disease Conference will be "Pesticides in Agricultural Progress."

According to the conference co-chairman, Harlan Smith and Richard Ridgeway, plant pathologist and entomologist, respectively, for the Texas Agricultural Extension Service, the conference is a combination of two regularly held meetings dealing with plant diseases and insects. Participants and others in these meetings requested the two be combined into a single conference which has been done.

The first Texas Insect and Plant Disease Conference will be held on Nov. 19-20 at College Station and all meetings are scheduled for the Memorial Student Center on the Texas A & M College campus.

The co-chairmen say the program details are not yet complete but extend a special invitation to representatives of agricultural chemical companies, professional agricultural workers and others interested in gaining the latest information on insects and plant diseases and their control.

WINTER WHEAT

Secretary of Agriculture Orville L. Freeman has announced that winter wheat farmers may sign up for the special voluntary wheat reduction program for 1963 from October 15 to December 14. The new program was authorized by the recently passed 1962 Food and Agriculture Act. Detailed information on the program is available from county Agricultural Stabilization and Conservation Service offices.

Three Arts Club Hears Talk On Pakistan

Dacca, East Pakistan, is a long way from College Station, Texas, in terms of miles and also in daily living.

Mrs. Henry Ross, guest speaker for the Three Arts Club last week, not only made the trip and the difficult transition in every day life, but seems to have enjoyed almost every minute of her 4½ years in that country.

Opening her program at the home of Mrs. Niley J. Smith, Mrs. Ross confessed that she did not enjoy public speaking, but she felt it would be unfaithful to her friends in East Pakistan if she didn't tell her Texas friends about the amazing people and beauties of her adopted country.

She listed among the difficult living conditions in East Pakistan a desperate shortage of medical people, impure water and inavailability of fresh vegetables and familiar meat, but these seem to have been quickly overshadowed by her interest in her new home and new friends.

Mrs. Ross explained that her husband was chief of a Texas A&M party during their stay in Pakistan. Mr. Ross is with the A&M Agriculture Education Dept., Division of Foreign Programs.

They both left for this assignment with the principle goal of helping the people of East Pakistan.

Mrs. Heitman Hosts Pleasure - Profit Club

The Pleasure and Profit club met with Mrs. J. J. Heitman with Mrs. Bartow Jackson, president presiding.

Mrs. Heitman showed a South American Travel slides. A salad plate was served from a table covered with an embroidered linen cloth with silver appointments.

The next meeting will be with Mrs. Bobby Jean Looney.

tan. Originally scheduled to be a 2 year tour, the Ross' showed their sincere interest in Pakistan by agreeing to stay an additional 2½ years. This meant a long separation from their son Dean of Student Affairs at the University of Nebraska and their daughter, Chief Supervisor of Laboratories at Herman Hospital in Houston.

Sharing some of her experiences in Pakistan Mrs. Ross told of traveling, shopping and religious ceremonies, including a Moslem wedding. Her program also included a display of beautiful and unusual treasures from Pakistan.

Mrs. Ross was introduced by Mrs. E. O. Smith who was dressed in the native costume of West Pakistan.

Refreshments were served following the program with Mrs. Earl Knebel and Mrs. Robert Brown, both of College Station, assisting at the tea table.

Regional Meeting Set For Members Of Beta Nu

Delta Kappa Gamma members of Falls, Milam and Robertson Counties belonging to Beta Nu Chapter will attend a regional meeting of the international society of women in education Saturday, Oct. 20 at the Central Christian Church in Waco. Beta Nu is one twelve participating chapters at this meeting.

Registration and coffee from 9 to 9:30 a. m. will be followed by an initiation ceremony for new members. During the morning session special interest groups will develop the theme: New Times Demand New Measures.

Dr. Madge Davis, of Wichita Falls, past state president and current regional director, will be the principal speaker at the luncheon. Miss Doris Thompson, teacher in Waco High School, will preside during the morning session.

Mrs. Byron Stubbs, teacher in Rosebud High School, is president of Beta Nu Chapter.

History Club Cites 50th Anniversary

The Cameron History Club met Oct. 9 in the home of Mrs. J. Earl Johnson. Mrs. Mary Lawrence assisted the hostess.

President, Mrs. Johnson, presided over the meeting. Projects discussed were the Club buying a sewing machine to use for special education classes at school. Mrs. Malick, the teacher, authorized to talk to Singer Machine Company and reported to the committee composed of Mrs. Roy Law and Mrs. John Martin.

The club celebrated its 50th anniversary of organization. Roll call was answered by members telling of events of 1912 and showing of old papers and relics of 1912.

Mrs. Roy Law gave the history of the club. Mrs. John Martin gave an original poem describing the first meeting.

Charter members present were: Mrs. B. P. Atkinson of Austin, Mrs. W. O. Triggs, Mrs. John Martin and Mrs. W. G. Gillis. Mrs. Gillis was the club's first president. Other guests were Mrs. Joe Denison and Mrs. Cecil Culpepper of Bryan, former members.

The birthday motif was carried out with Mrs. John Howard serving molded salad and Mrs. Roy Law serving cakes bearing birthday candles.

During the tea hour records of music of 1912 were played. Seventeen members were present.

Mrs. Angell Hosts Cameron HD Club

The Cameron Home Demonstration Club met Oct. 9 in the home of Mrs. V. L. Angell. Judge Don Humble explained the 14 amendments to be voted on in November.

Refreshments were served to nine members and three guests. The next meeting will be Nov. 13 with Mrs. T. R. Allen.

Mr. and Mrs. Louise Phillip of Rt. 1, Chriesman announce the engagement and approaching marriage of their daughter Shirley Jean to Eugene William Roznos of Rt. 2, Buckholts. A November wedding is being planned.

Mrs. Dusek Hosts UDC Meet Wed.

Mrs. Franklyn Dusek hosted the regular meeting of the UDC Wednesday at 3 p. m. Mrs. Joe Denison and Mrs. R. G. Graben were guests.

Mrs. Grady Stidham gave a paper on "Mementoes of the War Between The States" dealing with the famous Haynes family.

Mrs. Dusek served a salad plate. The next meeting will be in November at the home of Mrs. Walter Sharpe.

Gov. Proclaims Week Oct. 14 - 20

The Southwest Screwworm Eradication Program has been given increased impetus with the announcement that Texas Governor Price Daniel has designated Oct. 14 - 19 as Screwworm Eradication Week in Texas.

The Governor signed the official proclamation in his office recently with Southwest Animal Health Research Foundation and Texas Animal Health Commission officials in attendance. Present were: C. G. Scruggs of Dallas, president of the Foundation; Dolph Briscoe of Uvalde, SWAHRF trustee; Pearce Johnson, SWAHRF general counsel; and Dr. R. G. Garrett executive director of the TAHC.

Gov. Daniel gave special recognition to the program which is designed to eradicate the screwworm menace and to prevent great game animal losses and an estimated \$100 million annual loss to the livestock industry in the Southwest.

this
symbol...

The chances are you recognized the "monogram" of Texas Power & Light Company. But, whether or not you know the symbol of a company, the really important thing is knowing who and what are "behind" the symbol.

TP&L is an investor-owned company. It is a part of the great investor-owned electric utility industry in America into which more of the life savings of Americans have been invested than in any other industry.

More than 2,400 people, some of them your neighbors and friends, manage and operate TP&L. A large proportion of these men and women are "home-townners" and more than 60% of them have been with the Company for ten or more years.

Because electric service is so essential, companies such as TP&L are regulated by laws. These laws are added assurance to you, not only that you will receive first class and safe service, but also that this service will cost you no more than an efficiently operated company must charge in order to earn a reasonable rate of return on the savings which have been invested in the business.

This is Texas Power & Light Company... investor-owned, business-managed, tax-paying and regulated... providing more than 390,000 customers in North, Central and East Texas with dependable, economical electric service today... planning and building to assure this same service in the years to come.

TEXAS POWER & LIGHT COMPANY

a tax-paying, investor-owned electric utility

Herald Editorial Page

'Fourth Estate's' Week.

If any institution believes in the perfectability of men, it is the newspaper.

We suppose that is why newspapers have been referred to as "universities of the people." With the cynical and bombastic put aside, newspapers try to serve the public.

National Newspaper Week, October 14-20 this year, gives pause to consider the import of a national industry, one whose foibles and strengths reflect the pitch and yaw of difficult things.

Daily and weekly newspapers are a major part of the graphic arts industry, fourth or fifth largest in terms of people employed in the country. There is much demand for the printed word.

The Cameron Herald is a small part of this industry -- which encompasses about 9,000 weeklies and 1,750 dailies in the 50 states. No other nation approaches this number in relation to population. And no other will.

This county seat weekly has 23 people regularly contributing their talents to the production of a newspaper of 12 to 16 pages. A metropolitan daily employs thousands to produce its editions.

The Herald has 16 people writing for each edition, including seven community correspondents, five staff writers and four special columnists.

We can imagine the hundreds of persons contributing copy and columns to the large daily for instance.

While the large daily has dozens of special features, The Herald has seven news pages, containing eight feature columns, 10 statistical reviews in addition to general news. Ninety per cent of this content is local news and comment, about Cameron and Milam area affairs.

This is the scope of Herald Coverage. We do not wish to make The Herald seem something more than it is.

Newspaper Week is an opportunity to show how many participate in the publication of one weekly newspaper. This story can be magnified some 500 times in Texas weeklies alone.

The press is frequently confronted with filling important news columns when big news is unavailable. There are those quiet weeks. But when there is something of Milam interest breaking, one of those 23 Herald representatives will develop that important story.

The Herald has proved its merit in state-wide news and editorial recognition for courtroom, catastrophe, farm and industrial coverage. Perhaps we can claim a small classroom in this "university of the people." Assuredly, our attempt is realistic, not sophomoric as some might choose to believe.

The Herald is in its 103rd year, one of the oldest weeklies in Texas. But journalism is at least 2,000 years old, dating from the first notices posted by publicans in Rome.

American journalism in its present format began in the 1700's and was set free to publish and comment with the Peter Zenger trial in 1746. It has come a long way.

In this perspective, Southwest journalism, begun with old newspapers like The Herald, is in its infancy. But it is nowise ineffectual. And despite zooming costs, it has greater promise.

During this, the "Fourth Estate's" week, we invite you to visit some newspaper somewhere soon. You are welcome at The Herald.

Dateline Austin —

Medics Campaign For Medical Aid

By Vern Sanford

AUSTIN — Texas doctors are about to open a campaign for legislative approval of a constitutional amendment bringing Texas under the Kerr - Mills program. State governments would jointly pay hospital and medical bills of all retired persons receiving less than \$100 a year and unable to qualify for old age assistance. Uncle Sam would pay 75 per cent; the State, 25 per cent.

Doctors believe there are 350,000 Texans over 65 who would be eligible.

Idea developed at a meeting between State Welfare Director John Winters, Texas Medical Association committees, insurance agents and insurance company representatives.

Plan would be to handle the proposition through an insurance company, as the medicare program for old age assistance now is done.

This would amount to an insurance premium of \$3,000,000 a month based on the \$8.63 now paid Blue Cross for each of the 22,000 on old age assistance.

HIGHER EDUCATION

Texas Commission on Higher Education heard president or other spokesman for 20 State colleges and universities voice objections to proposed cuts in their budget requests for 1964-65.

As a result, the Commission will reconsider its recommendations at a meeting on October 23.

Three doctoral programs in teacher education were approved for the University of Houston which will become a senior college next year.

Four graduate programs were approved for East Texas State College.

Rex Baker, Commission secretary, opposed this latter action on grounds that it went against policy of concentrating such programs in the University of Texas and A&M College. Dispersal of such programs, Baker said, would lead to general mediocrity.

Commission member Elizabeth Koch's reply was that they were necessary to attract teachers of eminence.

WATER POLLUTION

Because oil and gas companies were in a quandary over whom to turn to for waste disposal permits, the State Water Pollution Board decided to take care of them with a special application form.

This form will apply only to oilfield wastes. It will include all of a company's holdings and will incorporate, by reference, information on disposal submitted to other State agencies.

Pollution board has asked the Attorney General for an opinion to settle jurisdiction on this question between the Board, the Railroad Commission and the Water Commission. But no reply has been received.

SCHOOL LAND LEASES

Latest leasing of State school lands boosted the permanent school fund beyond the half-billion mark, reported.

In exact figures, is now \$500,639,012.

During the past 21 months, \$38,500,000 has been placed in the public school available fund. State university and college lands in the same period produced \$32,684,992. Permanent fund now stands at \$385,995,002.

HIGHWAY SAFETY

Official commendation and appreciation of the State were expressed by Gov. Price Daniel to Col. Homer Garrison Jr., director of the State Department of Public Safety and chief of the Texas Rangers.

Tribute was paid Garrison for winning the Paul G. Hoffman Award for distinguished professional service in highway safety.

Governor Daniel said the award, presented only five times before to nationally-recognized experts in traffic safety, was a crowning achievement in a lifetime career of outstanding police administration and public service" by Colonel Garrison.

The governor said he felt Texas could trace much of its progress in traffic safety to the sound foundations laid by the public safety director.

Watson Reviews Texas Problems

RUSK — State Senator - Elect Murray Watson, speaking to the Rusk Rotary Club, last week reviewed problems facing the next session of the Texas Legislature.

Introduced by Bill Quinn, program chairman, Senator - Elect Watson spoke on "Texas Today."

"Texas now stands at an important crossroad in State Government. The old road, bumpy, unpaved and winding, leads to complete dependence on the Federal Government," stated Watson, "and the other, considerably improved, leads to State Participation on a cooperative basis with local self-government."

Senator - Elect Watson pointed out three items of importance in deciding on the merits of a bill calling for expenditures or new taxes. "1. Is it good for the State? 2. Is it fair to the great majority? 3. Is it economically sound?"

THE OLD PHILOSOPHER

Philosopher Tries To Solve The Cuban Problem, But Runs Into A Blank Wall

Dear editor:

A lot of people have been worrying about what to do about Cuba and I got to thinking -- not because I didn't have anything else to do -- and I have decided the people aren't thinking big enough.

Say somebody figured out what to do about the Cuban problem: it wouldn't last. Another problem would crop up some place else. We've had one crisis after another for years now and I've decided the thing to do is to put all our crises into one pile.

As I understand it, there are 103 countries in the world, as best the map makers can find out, and the way to eliminate all minor crises and put them in one lump is to arrange for each of the 103 to have guided missiles trained on all the others. Each country should have guided missiles zeroed in on every major population center in every other country. I'll admit this would be a mess of guided missiles, but it's the only way out.

Then after you get all these missiles in place, invent a special radar firing device that'll set off all of them if just one of them goes off.

With everybody in the world then looking down the barrel of a guided missile, who'd be interested in shooting first?

You have no idea how reasonable people get when they're blocked on all sides. Man is supposed to be the only animal with reasoning ability, but I understand when a forest fire breaks out and rabbits and the foxes, the antelopes

and the mountain lions, all begin reasoning that the only way out of the mess it to run together for awhile.

On the other hand, come to think of it, this hundred percent guided missile idea might not work after all. Sparrows might build a nest in the firing device of a missile down in Afghanistan, trigger the thing, and send the world up in smoke. Or a minor dictator might get mad at his wife and pull the trigger just for spite.

Maybe it's better to worry with all these little crises. Now you take the Cuban problem

Yours faithfully,
J. A.

Students Make Trips Saturday

ROGERS — Three groups of Rogers Public Schools Students made trips Saturday to places of interest because of winning PTA membership contests.

The Seniors sponsored by Mrs. Johnnie Martin and A. A. Kretschmar went to Six Flags for the day. Mrs. Imogene Harbour's fifth grade went to Waco to visit the Cen Tex Zoo, the Pure Milk Factory, and the Waco Daily Times-Herald publishing plant. Mrs. Edith Star-nes' second-third grade room visited the Cen-Tex Zoo in Waco. The groups went by school bus and each group was accompanied by several mothers.

Maxwell Attends Waco Study Meet

In the first meeting of the Heart O'Texas Study of American Heritage in Waco last week executive committee members were elected with Supt. B. F. Harbour of Rogers for Bell County and Supt. H. D. Maxwell of Milam County.

Others elected were Walter B. Parks, Jr. of Bosque; Joe McGreggor for Falls; P. T. Galiga for Hill County; Mr. Bone for Limestone; T. H. Jenkins and Dr. McNamee for McLennan County; Oscar Bounds, Navarro County and B. E. Oberholtzer, Supt. of Mexia Schools, is president.

Other officers elected were Henry Cranfill of LaVega, vice president; Dr. Lorena Stretch of Baylor as Secretary; Dr. M. L. Goetting of Baylor, treasurer, Dr. Goetting Dr. McNamee and Supt. Tate of Marlin were appointed to work up the program for the November meeting, exact date to be set later.

Three teachers from Navarro County presented a program on American Heritage. They were: Mrs. Floy Butler and Mrs. Eloise Wanda Gillen of Blooming Grove. Also, Bob Lawrence of Dallas spoke on "The Nature of God and Man and the Moral Function of Government." Plans and objectives for the year were worked out.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending Oct. 13 were 29 strep throat, three mumps, one syphilis according to Dr. T. E. Crump, acting director of the Milam County Health Department.

HEARING SHOULD BE CHECKED ONCE A YEAR

Mr. Treadway, who is an Audiologist, will hold his regular Hearing Clinic at the Cameron Hotel in Cameron Tuesday, Oct. 23rd from 3 p. m. to 6 p. m.

A Hearing Aid is no different than any other machine, they must have service once in awhile. You wouldn't think of driving a car for two or three years without having the oil changed, greased, or a new spark plug put in. Yet, people will wear a Hearing Aid four or five years and never have it cleaned or checked over to keep it in good working order. Any Hearing Aid should be cleaned and checked once each year.

(The cost \$2.50) People that wear a Hearing Aid should have their hearing checked at least once a year the same as you would your eyes if you wore glasses. People that do not wear Hearing Aids but have a hearing loss should have their hearing checked each year to see how fast their hearing is failing and have something done to correct it before they get in serious trouble. Children that seem to have a hearing

Mr. Treadway loss should be checked.

As we have told you before our new office is the only one of its kind in Central Texas. Our business is to help the hard of hearing. We don't care what kind of Hearing Aid you are wearing or who you bought it from, if you need help, bring it in. We carry a complete line of cords, batteries, speakers, tubing for glasses and behind the ear molds, and clean and repair any kind of Hearing Aid in the world, and save you money.

We make house calls, rest home calls, etc., on request.

Mr. Treadway is in the Temple office each Thursday and Friday from 9 a. m. to 5:30 p. m. if you had rather come to our main office instead of the field clinic listed above.

EXCITING! GO '63 CHEVY II

Nova 4-Door Station Wagon

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

the make more people depend on

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corvair & Corvette.

Rogers Chapter

Outlines Program

ROGERS — Delta Kappa Gamma has several important functions coming up in the near future, according to Mrs. Imogene Harbour of Rogers, publicity chairman.

Thursday evening at 7:30 in the Hardy Parlors of Mary - Hardin-Baylor College in Belton, Miss Inez Cowan will be leader in the meeting. The invocation will be given by Mrs. Lenora Meador. Music will be furnished by the College. Guests are invited for the meeting.

The local chapter will participate in the Regional Meeting in Waco on Saturday, Oct. 20 at 9 a. m. at Central Christian Church at 1100 Washington Avenue. Reservations are to be sent to Miss Bernice Kee at 2600 Morrow in Waco.

On Saturday, Oct. 27, the local chapter will attend the State luncheon which will be held in connection with the state meeting of Texas State Teachers Association in Austin in the Crystal Ballroom of the Driskill Hotel. Reservations are to be made with Miss Irene Falk, 1204 Ferrwood Road, Austin.

Rogers To Host

Arkansas Teachers

ROGERS — The faculty of the Rogers Public Schools will be host Friday morning to seven members of the faculty of the Public Schools of Emerson, Ark., headed by Superintendent W. L. Patterson.

It is the policy of the Emerson school group to visit other schools for two or three days during each school year as one of their projects "to make improvements in their program", that they may "obtain new ideas for improving instructions."

Members of the Emerson Public Schools faculty making the visit to the Rogers schools will be, in addition to the superintendent: Joe Bell, social studies; Don McMahon, physical education; Edwin Smith, vocational agriculture and shop; Bill Hanson, English; Glenn Russell, head of transportation; Arthur Steely, mathematics.

Although the visiting group will remain at Rogers only for the morning session of school, they will be special guests at noon in the school lunchroom, according to Supt. B. F. Harbour of the Rogers school system.

Texan's Novel To

Be Program Subject

A veteran Central Texas newsman's novel of small town football will be the subject of an hour-long drama on Alcoa Premiere, Thursday Oct. 18. In the Central Texas area, the program will be aired on KWTX-TV and KBTX-TV - Waco and Bryan - at 10:30 p. m., Monday, Oct. 22.

The author is Bonner McMillion, a veteran Texas newsman. McMillion is a former sports writer for The Dallas Times Herald and at one time publisher of The Elgin Courier and Brazos Valley Times at Marlin. He has been on the Waco Tribune - Herald news desk since 1955.

The title of the Alcoa Premiere presentation is "The Long Walk Home". It is a dramatic story of a small town football coach's decision to reject the big time and stay among his own people.

Describing his book, McMillion says he first conceived the book as a sort of Saturday holiday affair, adding "but I soon saw it strictly as the coach's own story and wrote it from that viewpoint. The characters come mostly from invention, though I don't deny that some of them resemble certain football enthusiasts I have known in some of the small towns in Texas."

Buckholts FHA

Elects Officers

The Buckholts FHA chapter held its first meeting recently and elected officers.

President will be Betty Hanke; vice-president, Audrey Gandy; secretary, Patricia Holland; treasurer, Wanda Micham; Historian Carolyn Gonten and Reporter Kathy Wallace.

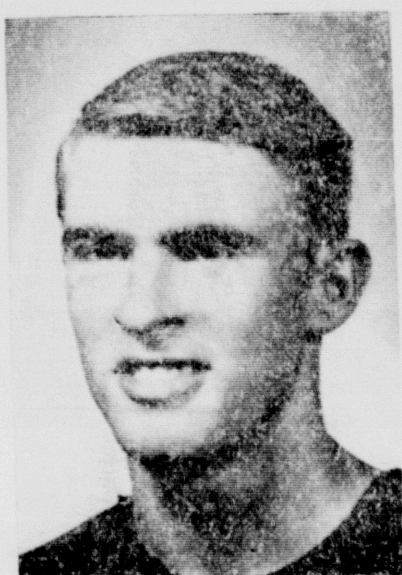

Morris Jones was elected FHA Sweetheart and John Roy Zajicek was named Pin-Up. Chapter parents are Mr. and Mrs. Carl Gonten. Projects for the Halloween Carnival were discussed.

New Citizens Buy

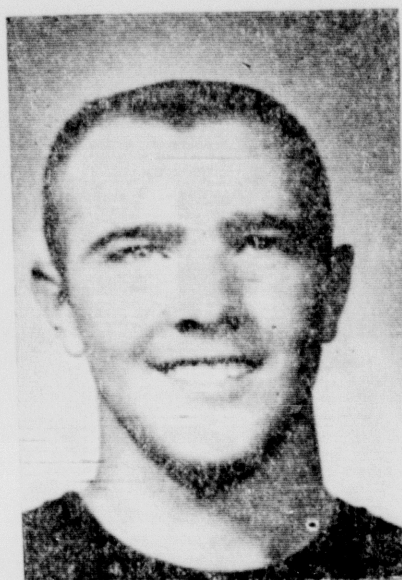

Interest In Shop

Mr. and Mrs. Clifford Whiteley of Minerva are moving to Cameron just as soon as they find a place to live.

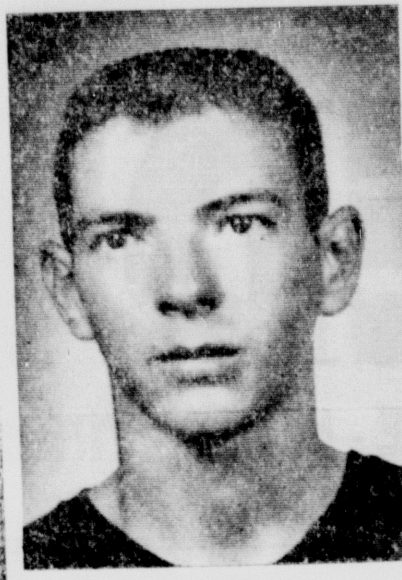

Whiteley has purchased half interest in the Palace Barber Shop and invites his friends and customers to visit him there.

First District Game FRIDAY Yoemen VS. A & M Consd. Friday Night YOEFIELD game starts at 7:30 P.M.

September	7	Rosebud 30	Cameron 6
	14	Cameron 18	Marlin 8
	21	Cameron 8	Taylor 7
	28	Cameron 8	West 30
October	5	Cameron 6	La Grange 20
	12	Open Date	
	19	A & M Consolidated *	Here
	26	Hearne *	Here
November	2	Navasota *	There
	9	Rockdale *	Here
	16	Caldwell *	There

* Indicates District 19 AA Games

Game Time: 8 p. m. Non - District - 7:30 p. m. District

The Yoemen start district play this week as they take on the A&M Consolidated Tigers on Yoe Field. The Yoemen have three losses to undefeated teams and two wins. The Tigers have three wins and two losses.

Last year the Yoemen spoiled the A&M homecoming by defeating the Tigers 27-0. Perhaps this was sweet revenge for in 1960 the Tigres had ripped Cameron 44-6 on the Yoe homecoming game.

This year both teams will be looking for a win to start the district off right. It promises to be good ball game and well worth the time. See you at the game!

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Ervin P. Survant, Defendant, Greetings:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of December A. D. 1962, to Plaintiff's Petition filed in said court, on the 15th day of October A. D. 1962, in this case, numbered 15,203 on the docket of said court and styled Nora Survant, plaintiff, vs Ervin P. Survant, Defendant.

A brief statement of the nature of this suit is as follows, to wit:

Said suit has been filed for the partition of certain land owned by Plaintiff and Defendant and described in Plaintiff's petition. If this citation is not served within ninety days after the day of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Issued and given under my hand and the seal of said court at Cameron Texas this 15th day of October A. D. 1962. Attest: Grady Allen Clerk, District Court, Cameron, Milam County, Texas. 30-4tc

11. Cards Of Thanks

We wish to express our gratitude for the many kind expressions of sympathy during the illness and death of our loved one, Mrs. Donna Barrett.

Mr. and Mrs. Ray Westbrook

We wish to express our sincere thanks to our friends and neighbors who contributed flowers, food, cards and prayers at the death of our loved one, Donald Ray, especially Dr. E. O. Smith and the staff at St. Edwards Hospital, also Marek and Burns Funeral Home. May God bless each of you.
Family of Donald Ray Warren

We would like to thank all our neighbors and friends who sent food, flowers, and the many acts of kindness and prayers during the illness and death of our precious husband and daddy.

We would especially like to thank the Buckholts Full Gospel Church, Brother Bowley, Brother Snow and Brother Simmes; also Dr. Smith and Green Funeral Home for their untiring services.
May God bless all with his richest blessings.

Mrs. A. Z. Fuller
Glenda Beth Fuller
Mr. and Mrs. W. E. Gilbert and family

COTTON REPORT

Cotton harvesting in the Brazos River Bottom was again delayed by rain received early last week. Approximately 70 to 75 per cent of the crop has been harvested, says Jimmie R. Russ, Officer in charge of the USDA Cotton Classing Office, Austin.

Grades last week continued about the same as the preceding week with 22 percent being classed Strict Low Middling and 29 percent Low Middling. Of the cotton classed, 43 per cent was Light Spotted and nearly all of this was classed either Strict Low Middling Light Spotted or Low Middling Light Spotted. Seven percent was classed as Spotted; 2 per cent as Light Gray and 4 percent as Below Grade.

Staple length improved some last week with 24 percent being classed as 1 1/4 inches or longer; 48 percent as 1 1/32; 18 per cent as 1 inch and only 10 per cent as 3/32 inch or shorter.

4 - H CLUB NOTES

By Pat Garner

Ass't Milam County Agent

A group of 10 4-H boys and girls in the Horse Subject Matter group of the Milam 4-H Community Club, went on a tour of the Horse Barns and Large Animal Clinic at Texas A & M College. The 4-H members left after school on Friday afternoon for the tour.

Dr. Titus of the Veterinary School, Large Animal Clinic. He showed them horses with various ailments and some of the facilities they have for handling horses.

Duane C. Kraemer of the Animal Husbandry Department, discussed ideal Quarter horse type with the group.

The boys and girls were accompanied on the tour by Leland Garrison, their Subject Matter Leader and the assistant county agent.

The group plans to have several tours to different horse breeders and ranches and to meet at least once a month to work with their own horses.

They also plan to have trainers, ropers and other horsemen give them some programs during the year.

COMMUNITY IMPROVEMENT

The three local communities in the county participating in the Texas Community Improvement Program are busy working on their improvement activities for the 1962-63 contest year. The communities are Gause, Griffin Chapel and Davilla. These communities are following a monthly schedule of activities that they have planned to do this contest year.

The Gause community is busy making final preparations for the community fair which will be held at the Tidwell Elementary School

in Gause Friday, Oct. 19. Other communities interested in organizing for action and working toward the development of their natural resources and improve ment of their local environments are welcome to participate in the Community Improvement Program. For further information contact your County Extension offices.

EGGS

Eggs are food and like all food should be clean when offered to the consumer. The cleaning of dirty eggs is a serious marketing problem in Texas and is the subject of a new Extension Service publication. Copies of MPP-575, "Cleaning Eggs", are available from the Agricultural Information Office, College Station, Texas, or from your local county agent's office.

Night Service 7:00 p.m.

This is the tragic story; but God is interested in changing it. Indeed, He is changing it. He has already done so for many. He is anxious to do the same for others. That is why there is a church so very near you. Why not step out of its shadow and into its portals? It could mean eventual entrance into the portals of heaven.

So, let God change for you the story of sin into the story of righteousness; the story of life, joy and peace, evermore.

There will be friends at church next Sunday to greet and encourage you.

Clarkson

Corpus Christi Guests Visit In Harrison Home

By Mrs. J. A. Blasienz
Mr. and Mrs. Guy Forque of
Corpus Christi visited Mr. and
Mrs. Bill Harrison during last
weekend.

Mrs. Louis Skala and Lillie, and
Mrs. V. D. Dodd were recent visitors
of Mr. and Mrs. Joe Pagac
and family at Branchville.

Roger Blasienz and Sterling
Shank of Waco visited in the J. A.
Blasienz home last Monday.

Mr. and Mrs. Johnny Ludwig and
daughter of Arlington have been
recent guests of Mr. and Mrs.
Gorman McQueen.

Mrs. William Kohring visited in
Cameron recently with Mr. and
Mrs. Fred Starnes.

Mrs. V. D. Dodd had as guests
last weekend her daughter and
family Mr. and Mrs. George Griffen
and children, Vinson and De-
borah of Ft. Worth.

Mr. and Mrs. Alfred Kohring
were guests of Mrs. Selma Piske
and family of Rockdale recently.

Mr. and Mrs. Donald Garrett of
Bryan announce the arrival of a
baby son Jeffery Lee, born Oct. 1,
in St. Joseph Hospital in Bryan.

He weighed 8 lbs-13½ ozs. Grand-
parents are Mr. and Mrs. Henry
Garrett and Mrs. Walter Pagens,
both of Bryan.

Mr. and Mrs. C. E. Richardson
and family, and Miss Inez Dodd
of Ft. Worth spent the past week-
end with their mother Mrs. V. D.
Dodd and attended the homecoming
held at the Clarkson Church Sun-
day.

Mrs. Bill Harrison joined Mrs.
Julis Beinhauer and children of
Rosebud and Mrs. Oran Casey and
daughters Alma Jo and Deanna
of Cedar Springs for a visit with
relatives in Waco Saturday.

J. A. Blasienz was a patient in
the Rosebud Hospital the past week.
He is now at home and reported
doing satisfactory.

Cpl. I. G. Lackey, stationed at
Camp Pendleton Calif., with the
3rd Bat., 3rd Marines is spending
a 30 day leave with his parents
Mr. and Mrs. Joe Lackey and
brother Pat of Travis. The Lackeys
are former residents of Clarkson.

Burlington

Miss Foshea Given Shower In Rosebud

By Mrs. George Logan
Friends and relatives attended
a miscellaneous shower honoring
Miss Betty Sue Foshea of Burling-
ton, bride-elect of Joe Ralston of
Temple Monday at the D. Brown
Library in Rosebud. Hostess was
Mrs. J. T. Prescott.

Quite a few Burlington folks at-
tended homecoming at Rosebud
last weekend.

Earl Kleypas and his three sons
of Houston were guests of his
aunt Miss Annie Dillon and other
relatives here Saturday and Sun-
day night.

Leon Ernst Jr. and his mother
Mrs. Leon Ernst Sr. of Clarkson
were recent guests of Mr. and
Mrs. L. F. Janicek, Leon Jr. is
doing fine now after he was badly
burned some time ago.

Mr. and Mrs. Ben Kleypas of
Houston were weekend guests of
relatives here and attended the
Westphalia picnic. They moved
from Burlington to Houston about
forty years ago. She was formerly
Nettie Kleypas who was married
here.

Mr. and Mrs. Julius Lange and
son Monroe of Cyclone were guests
of Mr. and Mrs. Fritz Stoeber
Tuesday night.

Mrs. Henry Helpert entertained
the 42 club at her home Tuesday.
After games were played refresh-
ments were served.

The burr pile caught fire near
Wolff at Burlington about 7:30
Friday and caused quite a bit of
excitement before it was brought
under control.

Capt. and Mrs. John Meek and
their two children left Sunday for
Albany, Georgia where he will be
stationed.

Mrs. Douglas Dennard, Mrs. Joe
Nuemur and Mrs. Bessie Kenwor-
thy all of Waco attended the funeral
of Mr. Louis Murff at Ben Arnold
and on the way back they stopped
in Burlington and visited Mrs. Hen-
rietta Hagerty.

Mr. and Mrs. Charles Garner of
Austin attended the football game
in Dallas last Saturday. Their chil-
dren Clara and Chuck visited through
the weekend here with their
grandparents Mr. and Mrs. Char-
lie Litzman.

Mr. and Mrs. Leon Hensel and
children of Waco spent last week-
end in Burlington with his parents
Mr. and Mrs. A. E. Hensel and
attended homecoming exercises.

Miss Willie Mae Stoeber of Tem-
ple was here for homecoming at
Rosebud and for a visit to her
parents at Burlington.

Sunday School had fair attend-
ance Sunday. Two visitors Rev. and
Mrs. Bobby Parker, former pastor
and wife of Ft. Worth.
